

Safety Training For: COUNTERBALANCED FORK LIFT TRUCKS FOR THE EXPERIENCED & INEXPERIENCED

Designed to meet the needs of the counterbalanced, sit-down, rider type lift truck operators, regardless of brand, the program addresses these issues:

- General lift truck fundamentals
- Principals of stability, balance and capacity
- The pre-operation inspection
- Safety guidelines for operating lift trucks
- Safe load handling techniques
- Fueling internal combustion powered lift trucks
- Charging/changing industrial batteries on electric powered trucks

PAYMENT / REFUND POLICY

Payment is due at time of registration. If you are unable to attend a course for which you have registered, you must give us at least 3 working days notice to qualify for a refund or credit for the next course date available. We will not issue a refund or credit if less than 3 working days notice are given. Credits must be used within the same calendar year as the original registration.

Please note: Leavitt *will not* accept payment on our behalf. Credit card payments can be made over the phone by calling the SHAPE offices at 604.733.4682.

A safe & healthy workplace benefits both the employer and the employee.
Whether you are a producer, dancer, crewmember, musician, technician, actor or director – SHAPE is here to help!
